INTERLOCAL AGREEMENT
BETWEEN CLARK COUNTY AND THE CITY OF CAMAS
FOR
DECANT SERVICES

THIS IS AN INTERLOCAL AGREEMENT, entered into under the authority of the Interlocal Cooperation Act, Chapter 39.34 RCW, between Clark County, Washington, a political subdivision of the State of Washington, (the "County") and The City of Camas, a municipal corporation and charter city of the first class of the State of Washington (the "City") by which the County will allow utilization of the County's Decant Center for the treatment and disposal of stormwater liquids and solids to the City.

WHEREAS, pursuant to Chapter 39.34 RCW (Interlocal Cooperation Act), one or more public entities may contract with one another to perform government services which each is by law authorized to perform; and

WHEREAS, as set forth in SR 093-99, the County has the resources available to provide such services to the City in a cost-effective manner; and

NOW, THEREFORE,

THE COUNTY AND CITY agree as follows:

SECTION 1. PURPOSE. The purpose of this Agreement is to provide for utilization of the County's Decant Center for treatment and disposal of stormwater solids and liquids by the City.

SECTION 2. TERM. The term of this Agreement is for the period from January 1, 2006 through December 31, 2006.

SECTION 3. TERMINATION. Either party may choose to terminate this Agreement by notifying the other party in writing 90 days prior to termination. The City agrees to reimburse the County for the cost of services provided through the date of termination of the Agreement.

SECTION 4. EXTENSIONS. The term of this Agreement may be extended in one-year increments from January 1st through December 31st of subsequent years by mutual written agreement of both parties, up to maximum of five (5) years. The extension agreements shall be executed at least fifteen (15) days prior to the expiration of the contract. The County Administrator is authorized to approve and execute such one-year extensions without further authorization from the Board of County Commissioners. The Mayor is authorized to approve and execute such one year extensions without further authorization of the city Council.

SECTION 5. DEFINITION OF FACILITY AND PARTICIPANTS. The facility, located at 11203 N.E. 76th Street, Vancouver, Washington, was designed and built to store, treat, and dispose stormwater waste (liquids and solids) removed from stormwater and drainage systems. The original cost of construction of the facility was borne by Clark County. As of the date of this agreement, the Washington State Department of Transportation (State) and the City of Vancouver have each contributed a fair share for the privilege of using the facility. In the event additional parties contract to use the facility, those parties would be assessed a charge to recover original construction costs of the facility. Said contribution, upon agreement of the County, State, and City of

Vancouver, would be placed in reserve for future facility expansion or be used to reduce the tipping fee. Additionally, costs of future expansion will be proportionately (by usage) shared by all parties using the facility. In the spirit of inter-agency cooperation, the County, the State, and the City of Vancouver have agreed to waive original construction contributions from the City of Camas.

SECTION 6. SCOPE OF SERVICES. The County will allow the City to utilize the Decant Center, by bringing storm water solids and liquids collected inside the city limits, for treatment and disposal. The County will provide all labor and equipment necessary to provide the treatment and disposal services. It is estimated that the City will deposit approximately 100 yards of material per year in approximately 20 trips. Each month, the County will provide the City with a billing invoice, which indicates the number of trips per day and the cost per trip.

SECTION 7. COST OF SERVICE. The cost of services under this Agreement shall be defined in Attachment A, incorporated herein by reference and attached. This amount includes a charge for ongoing operation of the Center and a reserve for major maintenance. A program overhead charge will be added to the per trip tipping fee. This overhead rate is calculated annually and includes costs for program administration and division support. The City shall be responsible for any taxes levied in connection with this Agreement. The City will be charged only the fees for trips actually made to the site. An annual billing for capital recovery will be sent separately in January of each year. The methodology for rate setting and actual rate for year 2006 as well as the capital recovery computation is included in Attachment A, incorporated herein by reference and attached. All parties will review tipping fees on an annual basis to determine any rate changes

according to the methodology used in Attachment A.

SECTION 8. BILLING METHOD AND PROCESS. Per trip tipping fee charges will be billed by the County to the City on a monthly basis. The billing will identify the dates and number of trips, with the amount owed during that billing period. Billings will be first signed by the designated Decant facility manager for the County, then will be sent to the County's Accounting Department for processing and formal billing to the City. The County Accounting Department will send billings to the City's Finance Office, for payment and will simultaneously send an informational copy of the billing to the contract manager for the City. Payment by the City shall be due within thirty days after issuance of the bill. Payments that are not paid within the allotted time periods shall be considered delinquent. Delinquent charges shall accrue interest on the unpaid balance, from the date of delinquency until paid, at an interest rate of one percent (1%) per month.

SECTION 8A. COMPLIANCE TO OPERATING PROCEDURES. The City will be required to follow the terms and conditions outlined in the Clark County Public Works Decant Facility Standard Operations and Procedures Manual, incorporated by reference and attached as Attachment B (as updated annually).

SECTION 9. ADMINISTRATION/COMMUNICATIONS. Contract managers designated by the County Administrator and Mayor shall administer this Agreement. Contract managers shall monitor service level and budget provisions of this Agreement. Each month, the County and City contract managers shall review service levels, service delivery, and costs. The contract managers shall, during the interim, communicate via telephone or e-mail to relay information, answer questions, or raise concerns.

SECTION 10. DISPUTE RESOLUTION. In the event of a dispute between the County and City regarding the delivery of services under this Agreement which cannot be resolved by their respective designated contract managers, the Clark County Administrator and the Camas Mayor or their designated representatives shall review such dispute and options for resolution. Any dispute not resolved by the representatives shall be referred to the Clark County Board of Commissioners. The decision of the County Board and the Mayor regarding the dispute shall be final as between the parties.

Any controversy or claim arising out of or relating to this Agreement or the alleged breach of such Agreement that cannot be resolved by the County Board and the Mayor may be submitted to mediation and if still not resolved, shall be subject to independent judicial review.

SECTION 11. INDEPENDENT CONTRACTOR. The County is and shall at all times be deemed to be an independent contractor in the provision of the services set forth in this Agreement. Nothing herein shall be construed as creating the relationship of employer and employee, or principal and agent, between the County and City or between any of the County's or City's employees. The County shall retain all authority for provision of services, standards of performance, discipline and control of personnel, and other matters incident to the performance of services by the County pursuant to this Agreement. Nothing in this Agreement shall make any employee of the County an employee of the City or any employee of the City an employee of the County for any purpose, including but not limited to, for withholding of taxes, payment of benefits, workers' compensation pursuant to Title 51 RCW, or any other rights or privileges accorded their respective employees by virtue of their employment.

In the event that any suit based on such a claim, demand, loss, damage, cost, or cause of action is brought against the County, the City retains the right to participate in said suit if any principal of public law is involved.

In the event that any suit based on such a claim, demand, loss, damage, cost, or cause of action is brought against the City, the County retains the right to participate in said suit if any principal of public law is involved.

County by an employee of the City or subcontractor or agent of the City, even if the City is thus otherwise immune from liability pursuant to the workers' compensation statute, Title 51 RCW.

c. ATTORNEYS FEES AND COSTS. All parties shall bear their own costs of enforcing the rights and responsibilities under this Agreement.

SECTION 13. ASSIGNMENT/SUBCONTRACTING. Neither party shall transfer or assign, in whole or in part, any or all of its respective rights or obligations under this Agreement without the prior written consent of the other.
