

**NOTICE OF APPLICATION FOR SHORELINE SUBSTANTIAL DEVELOPMENT
PERMIT FOR FIRE SYSTEM IMPROVEMENT PROJECT
(File #SHOR18-03)**

The city received an application from Georgia-Pacific for a Shoreline Substantial Development Permit for a Fire System Improvement Project on March 16, 2018. The proposed project includes replacing a diesel powered pump with an electric pump and back-up generator. The project is located at the terminus of NE 3rd Avenue, along the Camas Slough of the Columbia River, within the "High Intensity" shoreline designation (see attached map).

Application Materials: The application was technically complete on April 27, 2018 and included the following documents, which are available for review at the Community Development Department (616 NE 4th Avenue): Narrative; Site drawings; Joint Aquatic Resources Permit Application (JARPA) and State Environmental Policy Act Checklist (SEPA).

Comment Deadline: Written comments must be received in the next 30 days, by **June 4, 2018**, before 5:00 p.m. Mailed comments may be directed to the Community Development Department, c/o Shoreline Administrator, 616 NE Fourth Avenue, Camas, WA 98607, or email your comments to communitydevelopment@cityofcamas.us. Only those persons who respond in writing (**indicating interest in the project**) will be included in future mailings, and receive a copy of the final decision.

Public Meeting: The application will be considered for approval by the Shoreline Management Review Committee at a public meeting on **June 7, 2018 at 4:00 p.m.** (or shortly thereafter). The meeting will be held at Camas City Hall, 616 NE 4th Avenue, Camas, 98607.

For questions related to this application, please contact Sarah Fox, Senior Planner, at (360) 817-7269 or communitydevelopment@cityofcamas.us.
