

Discover a new way to **PLAY** - at home.

Camas Parks & Recreation is committed to serving you by delivering fun and educational online resources to help you and your family remain active, engaged and informed while you stay home, and stay healthy. This page provides virtual activities that inspire learning, encourage healthy habits and help maintain social connections through online sharing. While we miss seeing you in our facilities and attending our classes or services- we hope we can connect with you online through our Facebook page or during one of our live events.

In the meantime, view our  
**VIRTUAL RECREATION GUIDE** at
